### How You Can Help

- Sponsor a Child. Participate in COA's child sponsorship and provide life's basic needs for one Cambodian orphan.
- Make a Donation. COA works to improve orphanage conditions including medical and dental care where there isn't any. Supporting COA enables large projects such as these.
- Tell your friends about COA. Print and share this Fact Sheet with your friends or use the Tell-A-Friend link on our website.
- Donate your outdated laptop computer. COA uses donated laptop computers for our E-Pal program. All we ask is they be in working order and have a USB connection and the necessary charger.
